

PRSF 2026 School Bus Drop Off Instructions:

If you are a school bus driver, you may drop students off via the Gzowski turning circle by pulling over just past the circle in the area illustrated by the first map below (black arrows). **DO NOT** park in the turning circle area as this may disrupt scheduled public transit.

Should multiple busses arrive at the same time, please use the area indicated by the second map (green lines) as the pull over location.

Trent Parking staff will be on site to help direct buses.

Once students are dropped off, you may park in lot V or lot Y.

Please see the map on our website for driving instructions to the locations mentioned above: <https://www.peterboroughsciencefair.com/program-plan>

All other vehicles: Trent Parking has asked we do not use the turning circle for drop off. Please use the parking lots indicated and walk across. Thank you for your understanding.
